George my mentor, party till you can't. My philosophy is "Nothings more offensive to wisdom than too much smartness" Seneca. Kevin, Apple Core, Tony, why are we standing in the rain? Al Bogus treat that lady right. Honestly, 4 years of substantial mayhem and havoc and we've just begun. Clubs, the back bone of Mar Vista. If there is a special faction or interest group it is represented by a club on campus. In turn these students sponsor all kinds of different extracurricular activities. Clubs work for the betterment of Mar Vista.

Mar Vista has clubs of all kinds shapes and sizes. They range from the newly formed Chess Club to the more established Girls' League. You can be a member of the Surf Club or join Mecha. Whatever your interests are however there will always be friends who share your attitude. That's what makes Mar Vista clubs so important.

Without the hard work of club members, Mar Vista would lack such activities as the Sweethearts Ball by Girls' League, and school spirit from the Pep Club. Each club contributes there part in making Mar Vista an interesting, exciting school to attend.

Sports are the driving force behind Mar Vista school spirit. Athletes contribute their time and effort in making our school the best it can be. Sports unite Mar Vista, athlete and spectator alike.

The many games and contests over the year bring the student body together, to cheer on friends and rally against foes. Sports give a base on which the whole student body can relate to. Either you are an athlete or fan, but what matters is that everyone participates.

Athletics encourage team members to keep their grades high. It instills a sense of discipline and controll in the athlete and that inturn reflects on Mar Vista. Sports embody not only the playing field but the classroom as well.

Mar Vista is represented by our many different teams. When one sport wins the whole school wins. Everyone benefits from what our Athletic program has to offer and this year we should be especially proud in all of our hard working, winning teams.

CLASS OF '88 . . . AGAIN!

Many of you may remember that we photographed the CLASS of '88 twice. The quick-witted will look at the photos on this page and realize why we could not use these in the full-color two-page spread — they wouldn't fit properly. So, we took the picture a second time. The second photo (pages 8/9) shows a poor turnout of seniors, possibly due to a minimum day. Not wanting to shortchange the senior class, the Log staff decided that it would be in order to include all the photos taken in this edition.
